

Beginning Your Journey

What is a path?

A path is a member's educational journey in the Toastmasters Pathways learning experience. Each path is made of five levels that increase in complexity. While working in a path, members complete at least 14 projects that support their club experience. Almost every project culminates in a speech or speeches presented in the member's club, where they receive a structured evaluation, with positive feedback to help them improve.

What paths are available?

There are six paths available to enroll in: Dynamic Leadership, Engaging Humor, Motivational Strategies, Persuasive Influence, Presentation Mastery, and Visionary Communication. Visit <u>toastmasters.org/pathways</u> to learn more about each path.

How do I enroll in a path?

Log in to <u>www.toastmasters.org</u> and follow the steps below to select a path:

- 1. **If this is your first path**: Select "Choose Free Path" under the My Education and Achievements heading.
- **2.** If you have selected a path before: Select "Learning Hub." Then click "Choose Path" on the learning hub.
- 3. Once you are on the "Choose a Path" page

Follow the prompts to proceed with path selection:

- 1. Select your path language from the dropdown menu
- 2. Select "View all path options" or "Take an assessment" to determine which path you would like to enroll in.
- After taking the assessment or reviewing all path options, click on the card of the path you would like to start, then click "Continue" at the bottom of the page.
- Confirm your selection by clicking "Continue" again.
- You will be redirected to the payment page. If this is your first path, it is free, and you will not be asked to provide payment. You will be enrolled in your path and can access it on Base Camp.
- After you have enrolled in a path, keep in mind that it may take up to 15 minutes before your path is available to access on Base Camp.
- To access your selected path again, login to toastmastmasters.org and select "Go to Base Camp".

Starting Your Path

Note: You can complete projects in any order you choose, but you must submit level completions in numerical order. Projects build in complexity as you move through the levels, so it is recommended to complete levels in numerical order for an optimal learning experience.

Each project starts with an introduction and a list of resources.
